

What is Adobe Creative Cloud?

Adobe Creative Cloud is an assortment of applications and services created by Adobe that is ideal for photography, videography, design, and PDF creation. There are over 20 applications included in the Creative Cloud in addition to various mobile apps, templates, cloud services, assets, and tutorials.

How do I access Adobe Creative Cloud Web?

1. From Google Chrome Web Browser, enter https://creativecloud.adobe.com and click "Sign In."

 The Patchogue-Medford School District provides free Adobe Creative Cloud accounts to all teachers and students in grades six and above. Please enter your full pmschools email address in the Email Address field and click "Continue" to proceed. Please do not login by clicking on the Gmail, Facebook, or Apple links.

3. On the first login to Adobe Creative Cloud, your Patchogue-Medford Office 365 credentials are verified via the Microsoft Office 365 web page. Please enter your password and click "Sign In" to continue. If you do not know your Patchogue-Medford Office 365 credentials or have difficulty with login, please visit your school's Librarian for

assistance. Please do not use the "Forgot My Password" link.

4. Congratulations! You have login successfully to Adobe Creative Cloud. You can start to explore the suite's assortment of applications by clicking "Apps" in the top left. Like Office 365, you do not need to install any applications onto your Windows 10 or OS X device. All tasks, such as viewing a PDF, editing a photo, or creating

a web page, can be done directly in Google Chrome Web Browser. If you wish to install and work with a Desktop version of the Adobe Creative Cloud Suite, please see the reference guide named "What is Adobe Creative Cloud: Desktop Version."

5. After you click "Apps" to continue to work with a web-based app, click on "Web." Then click "Lunch" of the app of your choice.

6. After you lunch a web-based app, you may start to use the features of that app Immediately. In the example below, I have launched Adobe Acrobat, which opened in a new browser tab. In the new tab, I can open a PDF from my computer, or a PDF was shared with you, or Export a PDF to a different file format such as Microsoft Word.
